**3. BOARD STUDY SESSION**

**The Mark West Union School Board held a joint board meeting with the Mark West Advisory Council. Present from the MW Advisory Committee were: Brian Molsberry, Brad Sherwood, Roni Berg, Pete Lescure and secretary Aggie Maggio.**

3.1.1 A discussion regarding the districts need for a sidewalk extension along Mark West Springs Road into the surrounding neighborhoods for students to walk and bike safely to John B Riebli School took place. Currently, sidewalks only extend as far as Lambert Drive on the North side of Mark West Springs Road and there is no sidewalk on the South side at this time. It was suggested that the Mark West School District in conjunction with the Mark West Advisory Council prepare a joint resolution that would show support for the need to increase these sidewalks and forward it to Supervisor Gore's office. Councilmember Lescure, also mentioned, an area on Lavell Road near Mark West Elementary School that also needs some repairs/redesign as it floods in rainy season and causes a safety issue for students who walk to school. Superintendent Calloway noted that he will include in the resolution the Lavell Road area of concern. Trustee Sherwood suggested we also include the Mark West Estates HOA in the writing of the resolution process so they can also support the proposed request. Superintendent Calloway asked the Mark West Advisory Council if there was anything else they wished to discuss. Trustee Sherwood, who is also the District representative on the Mark West Advisory Council, brought forward the proposal of the council that there is discussion to develop a Community Service district which may be of interest to the district. Councilmember Berg mentioned that there is an ongoing discussion with the Block captains who wish to honor the community as the upcoming two year mark for the Tubbs fire approaches. Conversations will take place between the Board and the Advisory council in the future. Superintendent Calloway gave a short report to the Council, on the state of the District with regards to current enrollment. The district has noted that students/families seem to be requiring more recovery time now as a delayed effect of the fire. Heavy smoke days in November, from the Paradise fire, has caused student PTSD that has been noted by the counselors and teachers on sites. The district will continue to find ways to support students, staff and families who struggle with after effects from the devastating fires.

**4. ADJOURNEMENT at 5:53pm**
