2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Vision and Mission

The mission of John B. Riebli School is to prepare and support students in the 21st century learning within a global community built on relationships, relevance and rigor. Riebli offers a comprehensive elementary school program including rigorous academic instruction in all core subject areas. Project-Based learning, in which students are engaged in learning through integrated thematic units is a strong focus as a charter elementary school. Students gain knowledge and skills by working for an extended period of time to investigate and respond to a complex question, problem, or challenge. The core instructional program is supplemented with computer classes for all 3rd-6th graders, an Art Docent program, STEM Program, a weekly fitness program, a music program, field trips, cultural celebrations program, assemblies and special events. Support for the programs come from district funds, our resourceful Parent-Teacher Association, and the Mark West Ed Foundation. We offer English Language Development and academic intervention for struggling learners as a response to intervention (Rtl). Riebli School is dedicated to the development of the whole child.

We believe that all students will succeed in the safe, nurturing school culture, based on strong character development and a positive discipline approach. Riebli has adopted the BEST (Building Effective Schools Together) framework for school-wide behavior expectations and positive discipline. Our campus is orderly and students are rewarded with "BEST" behavior at monthly award assemblies. We use the Second Step and "Toolbox" (social and emotional learning) programs to promote tolerance and empathy school-wide. The district supported Counseling Program allows for social skills learning opportunities in small groups and individual sessions.

Academic Goals for academic years 2019-20 School Site Plan are:

Goal #1: All students (including English Learners [ELs] and Socio-Economically Disadvantaged Students [SES]) will demonstrate a 3% overall growth on the Smarter Balanced Assessments in English Language Arts. (PUPIL OUTCOMES)-

Goal #2: All students will be educated in a safe and healthy learning environment. (SCHOOL CLIMATE)

Goal #3: All students (including English Learners (ELs) and Socio-Economically Disadvantaged Students (SES) will demonstrate a 3% overall growth on the Smarter Balanced Assessments in Mathematics. (Pupil Outcomes)

2021-22 School Overview

Goal #4: 85% of students in grade K will achieve a 3-4 DRA level by June 2020, the remaining 15% will achieve a level 2 DRA. 75% of students in grade 1 will achieve a DRA level 18 or above by June 2020, 15% will achieve a DRA level 14, the remaining 10% will achieve a level 8-10. 75 % of students in grades 2,3 will achieve grade-level reading as measured by AR STAR by June 2020. The remaining 25% will have demonstrated one-year growth as measured by AR STAR beginning of the year compared to June 2019.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

For the current year 2021-22, the school has met the sufficiency of textbooks or other instructional materials. The Reading/Language Arts and Mathematics textbooks were selected from SBE adoption recommendations and were adopted by the district school board. The school district will be exploring SBE-recommended updated textbooks and instructional materials for forthcoming Science and Social Studies textbook adoptions. In addition to the Wonders/Study Sync language arts program, teachers also use Writing By Design to supplement the writing curriculum. Also, in addition to the McGraw Hill science curriculum the district has purchased a license to use the Mystery Doug science program.

School Facility Conditions and Planned Improvements

The Mark West Union School District (District) takes great efforts and care to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the District Office.

The District uses a Maintenance work order tracking system "MyTechdesk" the District staff uses this system to report items that require attention. The maintenance staff uses this system to ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Emergency repairs and items that could have a negative effect on learning are given the highest priority.

Cleaning Process and Schedule:

The District has established cleaning standards and cleaning rotation/Schedules for all schools in the District. A summary of these standards and schedules are available at the Director of Maintenance's office. The Director of Maintenance works ongoing with the custodial staff to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

John B. Riebli School has exceptional parent and community participation. Parent volunteers are welcomed and encouraged to be a part of the Riebli community. When the COVID protocols are lifted, they are active in classrooms, library, computer lab, with Student Council, for academic support, and after school sports. Currently, parents are serving on School Site Council, English Language Learner's Advisory Committee (ELAC) and as PTA general and board members. We highly value the time and commitment from parents at Riebli. Parents make field trips possible, allowing classrooms to visit local and Bay Area locations.

The Riebli School PTA is an active group of parents that organize school events, fundraisers, and coordinate additional instructional programs. An example of a school event is our annual Fall Walk-a-Thon. This special community event well attended by parents, provides a fitness-focused morning of walking, while also earning funds through individual and business sponsorship. The funds from this event and others provide additional programs, such as weekly PE and fitness classes, STEM classes, science in the garden, art docent, assemblies and special events. Opportunities to be involved can be found at www.rieblipta.org. The Mark West Education Foundation supports Music and Arts, funding a portion of the music program K-8th, Zumba K-4th, and supports the Art Docent programs at each site. More information is available at www.mwef.org.

The business community of Larkfield regularly supports the school community through donations to fundraisers and special programs. Recent local scholarships have funded curriculum for our Reading Intervention library, and have supported leadership projects of the student council. Business-school partnerships are vital to 21st-century education and preparing all students to find their potential for college and careers.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Riebli School has a comprehensive school safety plan that follows SIMS and NEMS guidelines. It is in line with the Mark West District Safety Plan. The plan is reviewed at the beginning of each school year with the entire staff. Safety inspections are done routinely by the maintenance department, especially prior to school opening.

The staff roles in case of an emergency are outlined in the comprehensive plan. A "flip-book" of emergency responses for various situations and drill procedures are kept in an obvious location in each classroom. Classrooms and all common areas (library, computer lab, and MPR, for example) are equipped with a red emergency bag containing first aid supplies.

Fire, earthquake and shelter-in-place drills are practiced routinely.

In the fall the Riebli School Site Council reviews the District Safety and Wellness plans and policy at the same time they review the Riebli School BEST Plan. The Riebli School BEST Plan is the behavior expectation and discipline plan for Riebli Elementary school. BEST is an acronym for Building Effective Schools Together. It is a system, which gives staff, students, and community a structure to support strong character development, expected behaviors, and have fair discipline consequences. We look at discipline data, target areas for student training, and celebrate student successes. BEST is research-based and builds from "what already works" in a school.

With the return to in person instruction for 2021-22, our counseling department is running friendship circles and community circles for classrooms and grade levels.

School personnel will support appropriate student behavior to nurture a safe, caring, compassionate, and collaborative learning environment. Student choices and consequences for not following school behavior expectations will follow school and district policy.

Positive Discipline is based on the following principles: mutual respect (I respect myself and I respect you), all people strive for belonging and significance, mistakes are opportunities to learn, logical and natural consequences that are reasonable, related, and respectful help people own and grow from mistakes, and children will develop competencies when we provide them with responsibilities and support. Violations of expectations will be addressed in a positive, respectful, reasonable and related manner. Keeping in mind that mistakes are opportunities to learn and grow, consequences will be issued on a severity continuum and can include a conference with the teacher, phone call to the parent, written reflection or apology, conflict mediation, behavior plan, loss of privileges, suspension, or expulsion.

2020-21 Types of Services Funded

Supplemental services are provided for students who need extra support to access the core curriculum or are functioning above the range of the class. These services are provided during the school day. Students may be regrouped for additional support with reading, language arts skills or English Language Development. Students may also be regrouped to extend the curriculum. Students with the most severe learning needs are provided with special education services.

Riebli School utilizes a Response to Intervention approach in providing services to support student learning that we call "Walk to Read". Four days a week, students in each grade level are grouped by their student need for 30 minutes of language arts. Services are provided through the support of a part-time Reading Specialist, Resource Specialist teacher, Resource paraprofessional, EL paraprofessional support and classroom teachers.

The district partners with Extended Child Care Coalition of Sonoma County (ECC) to provide after-school child care, which also supports students academically in homework support and social development.

The district continues to provide counseling services for students who are having school adjustment difficulties or to provide support in time of family crisis. The district counselor provides direct services at each site, and supervises interns. As a result, Riebli School has an on-site school counselor minimally four of five days. The district provides a part-time school nurse to primarily conduct all state and federal screening, and provide consulting service.

Professional Development

Mark West Union School District supports the professional development of staff through structured, planned professional development on three full calendar days.

Additionally, early release schedule on all Wednesdays provides 1.5 hours weekly for collaboration. Teachers have eleven afternoons for grade level collaboration and instructional planning. Each site has 8 afternoons for planned collaboration and professional development as determined by the site plan, and the district plans for 5 afternoons for across the district instructional collaboration and professional development. The district also supports instructional committees and individuals to further individual and district professional growth through instructional committees, conferences, and individual mentoring. All new beginning teachers are supported through the NCSOE program at Sonoma County of Education.

Site-based professional growth for the structured site and collaboration times is used to support best first, classroom instruction and identified goals through the ongoing and annual review of programs and student achievement. For the past few years, Riebli School has provided professional development for:

- Project Based Learning as a basis for Riebli Charter School instructional model.
- An Achievement Accountability System of inquiry-based analysis of student achievement and subsequent instructional and intervention planning (RT I-2)
- Character Education (ToolBox, Second Step, and BEST instruction through a positive discipline approach)
- Understanding brain development and the effects of trauma on the childhood brain development.
- Supporting students in the 21st Century, the 4Cs, and technology skills and resources
- Improving math practices
- Improvement in classroom instruction
- Sharing and discussion of district committee work

District professional development focus for several years has been on Common Core instruction. Writing, math and Language arts have been key. Focusing on NGSS is also an area we have been working on as a district. This is the first year using our new ELA curriculum, Wonders..

John B. Riebli Elementary Charter School 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
