

Statewide Testing Notification

Every year, California students take several statewide tests. When combined with other measures such as grades, class work, and teacher observations, these tests give families and teachers a more complete picture of their child's learning. You can use the results to identify where your child is doing well and where they might need more support.

Your child may be taking one or more of the following California Assessment of Student Performance and Progress (CAASPP), English Language Proficiency Assessments for California (ELPAC), and a set of Physical Fitness Tests. Pursuant to California *Education Code* Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments. This exemption does not exist for the ELPAC or Physical Fitness Test.

CAASPP: Smarter Balanced Assessments for English Language Arts/Literacy (ELA) and Math

Who takes these tests? Students in grades 3–8 and grade 11.

What is the test format? The Smarter Balanced assessments are computer-based.

Which standards are tested? The California Common Core State Standards.

CAASPP: California Science Test (CAST)

Who takes the test? Students take the CAST in grades 5 and 8 and once in high school, either in grade 10, 11, or 12.

What is the test format? The CAST is computer-based.

Which standards are tested? The California Next Generation Science Standards (CA NGSS).

ELPAC

Who takes the test? Students who have a home language survey that lists a language other than English will take the Initial test, which identifies students as an English learner student or as initially fluent in English. Students who are classified as English learner students will take the Summative ELPAC every year until they are reclassified as proficient in English.

What is the test format? Both the Initial and Summative ELPAC are computer-based.

Which standards are tested? The 2012 California English Language Development Standards.

Physical Fitness Test

Who takes the test? Students in grades 5, 7, and 9 will take the fitness tests.

What is the test format? The test consists of five performance components: aerobic capacity, abdominal strength, trunk strength, upper body strength, and flexibility.

Which standards are tested? The Healthy Fitness Zones, which are established through the FITNESSGRAM®.
