2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Mark West Elementary School is located in the unincorporated area of Larkfield, just north of the city of Santa Rosa. The school serves approximately 400 students in grades Transitional Kindergarten through sixth grade. Students matriculate to the Santa Rosa City Schools District at Santa Rosa Middle School for grades seven and eight, and continue on to Santa Rosa High School for grades nine through twelve. Students also have the opportunity to matriculate to the Mark West Charter Middle School located on the Mark West campus.

Mark West offers a comprehensive elementary school program including rigorous academic instruction in all the core subject areas. Within the school day, we offer academic intervention for struggling readers, as well as opportunities for acceleration for those who are achieving above grade level, and targeted English Language Development to our multilingual learners. Supplementing our core academic program, students participate in music K-3, instrumental and choral music as electives for 4th-6th graders, computer class for 3rd-6th graders, and weekly library for all grades. Students are also involved in hands on learning in our neighboring Community Garden. Mark West was proud to receive recognition as a California Distinguished School in 2010.

Vision Statement

Our students will receive an extraordinary education that will empower them to achieve their personal best, be prepared for the challenges of the future and become socially responsible contributing members of our community

Mission Statement

Mark West Union School District, supported by an involved community, will personalize, engage, and challenge students to reach their highest academic potential. We are committed to providing a rigorous and inspiring educational program enhanced with music and enrichment opportunities.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

For the current year 2022-23, the school has met the sufficiency of textbooks or other instructional materials. The Reading/Language Arts and Mathematics textbooks were selected from SBE adoption recommendations and were adopted by the district school board. The school district will be exploring SBE-recommended updated textbooks and instructional materials for forthcoming Science and Social Studies textbook adoptions. In addition to the Wonders/Study Sync language arts program, teachers also use Writing By Design to supplement the writing curriculum. Also, in addition to the McGraw Hill science curriculum the district has purchased a license to use the Mystery Science program.

School Facility Conditions and Planned Improvements

The Mark West Union School District (District) takes great efforts and care to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the District Office.

The District uses a Maintenance work order tracking system "MyTechdesk" the District staff uses this system to report items that require attention. The maintenance staff uses this system to ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Emergency repairs and items that could have a negative effect on learning are given the highest priority.

Cleaning Process and Schedule:

The District has established cleaning standards and cleaning rotation/Schedules for all schools in the District. A summary of these standards and schedules are available at the Director of Maintenance's office. The Director of Maintenance works ongoing with the custodial staff to ensure a clean and safe school.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent involvement and community volunteers are key to our success at Mark West. There are a wide variety of opportunities for parent involvement at Mark West, from volunteering in classrooms, on field trips, to organizing and participating in fundraisers and family social events. Parents are encouraged to join Mark West PTA which provides support for enrichment in the form of field trips, assemblies, and extra supplies for the classrooms. The focus for our PTA is to rebuild opportunities for community involvement. A second parent organization, The Mark West Education Foundation is a non-profit organization whose goal is to build a permanent and ongoing financial resource from private donations to support our four district schools. The Education Foundation currently funds the music program for the Mark West Union School District. Further opportunities for parent involvement include participation in advisory committees such as our School Site Council and our English Language Advisory Community.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.88	1.56	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The school's comprehensive safety plan is on file at the district office and has been updated as an electronic file. It outlines procedures, following SEMS, for emergencies or natural disasters. Fire, earthquake, or lock-down drills are conducted monthly. The plan is reviewed and updated each year by staff and the SSC.

The staff roles in case of an emergency are outlined in the comprehensive plan. A "flip-book" of emergency responses for various situations and drill procedures are kept in an obvious location in each classroom. Classrooms and all common areas (library, computer lab, for example) are equipped with a red emergency bag containing first aid supplies.

In August, the Mark West staff reviews the Mark West BEST Plan. The Mark West BEST Plan is the guiding document to ensure a safe learning environment for all students. BEST is an acronym for Building Effective Schools Together. It is a system which gives staff, students, and community a structure to look at discipline data, target areas for student training, and to celebrate student successes. This guide specifies the student, parent, administrative, teacher, and school staff responsibilities to be followed in order to achieve the Mark West BEST Plan goals. There are three overarching behavior expectations (be safe, be respectful, be responsible). From these three expectations, specific areas (e.g. lunch, playground, hallway) are organized by what safe, respectful, and responsible student-actions look like.

The Mark West BEST Plan is meant to be an effective positive-behavior change-tool which helps develop safe, respectful, and responsible behavior. It is a comprehensive plan which is intended to be clear, simple and practical. It is a collaborative effort which promotes consistency across staff, while respecting different styles of teaching and implementation. Some key components of a safe and caring school are: Knowing each student, Creating a nurturing physical environment, and creating a caring and connected school climate. School staff support appropriate student behavior through these key components.

Violations of expectations will be addressed in a positive, respectful, reasonable, and related manner. Keeping in mind that mistakes are opportunities to learn and grow, consequences will be issued on a severity continuum that can include conference with the teacher, phone call to parent, written reflection or apology, conflict mediation, behavior plan, loss of privileges, suspension, or expulsion.

Additionally, ToolBox, a Social Emotional Learning program developed by Dovetail Learning, is used in grades TK-6. This program helps students to develop the resiliency and skills to address situations that may arise in a positive, healthy manner. Particular attention is being paid to the social emotional well-being of our students. The counseling department is running friendship circles and community circles for classrooms and grade levels.

2021-22 Types of Services Funded

Supplemental services are provided for students who need extra support to access the core curriculum or are functioning above the range of the class.

Mark West Elementary utilizes a Multitiered Systems of Support approach in providing services to support student learning that we call "Blended Services". Four days a week, students at each grade level are regrouped by student need for 30 minutes of language arts. Services are provided through the support of a full time Title 1 Reading Specialist, GATE teacher for students in grades 4-6, ELD paraprofessional and paraprofessional assistant support in grades TK-6th. Students may also be regrouped in the afternoon, after school, or before school for additional support with reading and language arts skills, mathematics, and English Language Development.

Students with the most severe learning needs are provided with special education services. The district continues to provide counseling services for students on an as needed basis.

Professional Development

Mark West Union School District supports the professional development of staff through structured, planned professional development on three full calendar days.

Additionally, an early release schedule on all Wednesdays provides 1.5 hours weekly for collaboration and professional development. Collaboration time is divided between teacher days for instructional planning and grade level collaboration, site days for addressing the needs of the students at the site, and district days for articulation of collaboration and professional development across the district.

District professional development has been focused on Common Core instruction, wellness, and MTSS.

All new teachers participate in the North Coast Teacher Induction Program through Sonoma County Office of Education during their first two years of teaching. These classes are held after school hours and each new teacher is assigned an experienced mentor for the entire process. More experienced teachers participate in training according to their needs and interests.

This table displays the number of school days dedicated to staff development and continuous improvement.
