- 27.12 Course credit for salary placement and movement on the salary schedule shall be given for post-bachelor or graduate course work taken at two-year or four-year colleges, universities, or graduate schools which are accredited by a regional accrediting commission or other programs approved by the District. Semester hours (units) as defined by the particular accredited college or university will be acceptable for placement on the salary schedule.

 Quarter hours (units) shall be converted to semester hours (units) by multiplying the total of such hours (units) by two-thirds (2/3). Unit hours must be educationally relevant to the unit member's position.
 - 27.12.1 The District may pre-approve credits that do not meet the above, if the unit member and the District determine that the course will enhance the quality of instruction and will be of benefit to the District and the unit member.
- 27.13 Unit members requesting to move to a new column must file such requests with the District office no later than February 1st of each year for movement in the next school year.

 Supporting records or transcripts verifying units of study that are to apply toward such a reclassification must be filed with the District office no later than September 1st of the ensuing year. If the unit member is unable to submit supporting records or transcripts verifying units of study which are to apply toward reclassification, official notices in the form of a grade card or letter from the college or university shall be submitted. Such temporary verification, which indicates satisfactory completion of the course(s) shall be sufficient evidence to meet the above requirement. The unit member shall provide the official transcript or affidavit to the District office as soon as it becomes available.
