Mark West Union School District Asbestos Hazard Emergency Response Act Notification

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), the Mark West Union School District must apprise all persons arriving at the Mark West and San Miguel Schools of the information contained in the schools' Asbestos Management Plan. This plan contains all current inspections, assessments, and action details relative to this school building. As required by AHERA, a three year re-inspection was completed. That report is in the schools' Asbestos Management Plan and is available in each school office for anyone to review during normal school hours. Any further questions may be directed to Michael Smith, Director of Facilities/Maintenance/Operations and the designated person responsible for AHERA compliance for the Mark West Union School District.
