## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

San Miguel has an experienced staff dedicated to ongoing professional development and continuous inquiry. At the core of this dedication is a belief that collaboration is key to student achievement. Student data is used as a guide in adjusting instruction. Conversations focus on working with every student by name and need. We look to creating life long learners who are community-minded. The school offers rigorous academic instruction in all the core subject areas. Music, intervention, English Language Development, and arts education are provided to students as determined by student need and interest. Student progress is monitored through the use of formative and summative assessments. The staff meets three times per year to review student results during Co-op meetings. In these meetings, teachers will discuss next steps in classroom and

intervention. Additionally staff comes together once a month for school-specific professional development such as curriculum review, technology integration, common core implementation, and school safety. In all of these professional development opportunities, staff demonstrates their dedication to collaboration and working in partnership with students and families to improve teaching and learning.

School wide positive behavior management is embraced by teachers, students, yard duty supervisors, and community. There are weekly assemblies, in which students are recognized and honored for demonstrating character traits.

### Vision Statement

Our students will receive an extraordinary education that will empower them to achieve their personal best, be prepared for the challenges of the future, and become socially responsible, contributing members of our local and global communities.

### Mission Statement

Mark West Union School District engages and challenges all students to reach their academic potential. We are committed to providing rigorous, innovative and personalized educational programs, in a safe environment, enhanced with enrichment opportunities.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

For the current year 2024-2025, the school has met the sufficiency of textbooks or other instructional materials. The Reading/Language Arts and Mathematics textbooks were selected from SBE adoption recommendations and were adopted by the district school board. The school district will be exploring SBE-recommended updated textbooks and instructional materials for forthcoming Science and Social Studies textbook adoptions. In addition to the Wonders/Study Sync language arts program, teachers also use Writing By Design to supplement the writing curriculum. Also, in addition to the McGraw Hill science curriculum the district has purchased a license to use the Mystery Science program. With Board approval, the district adopted a new Science curriculum in 2024-2025.

## School Facility Conditions and Planned Improvements

The Mark West Union School District (District) takes great efforts and care to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the District Office.

The District uses a Maintenance work order tracking system. District staff uses this system to report items that require attention. The maintenance staff uses this system to ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Emergency repairs and items that could have a negative effect on learning are given the highest priority.

### Cleaning Process and Schedule:

The District has established cleaning standards and cleaning rotation/Schedules for all schools in the District. A summary of these standards and schedules are available at the Director of Maintenance's office. The Director of Maintenance works ongoing with the custodial staff to ensure a clean and safe school.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	46	49	41	44	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	N/A	N/A	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

San Miguel has traditionally had high levels of parental involvement and engagement. Staff makes concerted efforts to integrate and involve parent volunteers in all school events, field trips, academic activities, and enrichment. For more information on how to be involved, contact the principal, Patrick Eagle, [peagle@mwusd.org](mailto:peagle@mwusd.org). Additionally, the school has a vibrant and committed PTO. Because parents are involved in the school, the PTO can make informed decisions about how to best support school programs.

The school PTO President is Mika Holman, email is [mika.holman@gmail.com](mailto:mika.holman@gmail.com)

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

## 2024-25 School Safety Plan

San Miguel Charter School has a comprehensive school safety plan that follows SIMS and NEMS guidelines. It is in line with the Mark West District Safety Plan. The plan is reviewed at the beginning of each school year with the entire staff. Safety inspections are done routinely by the maintenance department, especially prior to school opening.

## 2024-25 School Safety Plan

In case of an emergency, staff roles are outlined in the comprehensive plan. A "flip-book" of emergency responses for various situations and drill procedures are kept in an obvious location in each classroom. Classrooms and all common areas (library, computer lab, and MPR, for example) are equipped with a red emergency bag containing first aid supplies.

Fire, earthquake and shelter-in-place drills are practiced routinely.

Each year, the San Miguel Charter School Site Council reviews the District Safety and Wellness plans and policy and also they review the San Miguel Charter School BEST Plan. The San Miguel Charter School BEST Plan is the behavior expectation and discipline plan for the school. BEST is an acronym for Building Effective Schools Together. It is a system, which gives staff, students, and community a structure to support strong character development, expected behaviors, and have fair discipline consequences. We look at discipline data, target areas for student training, and celebrate student successes. BEST is part of the PBIS (Positive Behavior Intervention and Supports) system, is research-based and builds from "what already works" in a school.

School personnel will support appropriate student behavior to nurture a safe, caring, compassionate, and collaborative learning environment. Student choices and consequences for not following school behavior expectations will follow school and district policy.

Positive Discipline is based on the following principles: mutual respect (I respect myself and I respect you), all people strive for belonging and significance, mistakes are opportunities to learn, logical and natural consequences that are reasonable, related, and respectful help people own and grow from mistakes, and children will develop competencies when we provide them with responsibilities and support. Violations of expectations will be addressed in a positive, respectful, reasonable and related manner. Keeping in mind that mistakes are opportunities to learn and grow, consequences will be issued on a severity continuum and can include a conference with the teacher, phone call to the parent, written reflection or apology, conflict mediation, behavior plan, loss of privileges, suspension, or expulsion.

## Fiscal Year 2023-24 Types of Services Funded

San Miguel employs Response to Intervention (RTI) and has programs and services to be able to provide differentiated support for students. In Kindergarten and first grades, an instructional assistant provides one hour of support for reading groups. In grades K-3, a Title 1 Reading Teacher provides extra support for those students needing more than first instruction. In each classroom, grades 2-6 each have 1 hour of paraprofessional time. The paraprofessional's main goal is to help students with the greatest need. Currently, San Miguel has a part time credentialed intervention teacher who targets specific skills for students who are needing them. English Learners, who are academically struggling, are provided with additional English Language Development instruction from a part time Para Professional. Students with the most severe learning needs are provided with special education services. The district continues to provide counseling services for students who are having school adjustment difficulties or to provide support in times of family crisis. San Miguel has its own counselor dedicated to it.

## Professional Development

Our staff development program is aligned with the district and school site's goals and priorities. We support certificated personnel throughout the district to plan together and attend workshops on best practices for standards based instruction. With the state adoption of the Common Core State Standards and a shift in assessment to a computer based assessment, the primary focus for staff development has been implementation of the Common Core State Standards. In addition, this year our district is looking at updating and reviewing our MTSS (multi tiered systems of support), San Miguel is specifically looking at PBIS (Positive Behavior Intervention and Supports) In support of our English Language Learners, staff has received additional training in assisting EL's in meeting the CCSS. In alignment with our Strategic Plan, the district has provided support in the form of a Project Based Learning support teacher who goes into each classroom coaching and supporting teachers in planning and implementing project based learning in the classroom. All staff are receiving training and support in the area of Social Emotional Wellbeing through our Director of Student Services and Counselors. The district relies heavily on the support of the County Office of Education, which provides a wide range of professional development opportunities in implementation of CCSS and Next Generation Science Standards (NGSS). We utilize early release days, known as "site days" and "district days" as well as faculty meetings to provide training for staff. With the adoption of a new Common Core aligned Sciend program, an area of focus during early release days has been in support of science. The new English Language Arts curriculum is in its fourth year of implementation, and teachers have appreciated the online component. In addition to the training provided by the district, many teachers spent time learning new online learning platforms and software. All new teachers participate in the North Coast Teacher Induction Program through Sonoma County Office of Education during their first two years of teaching. These classes are held after school hours and each new teacher is assigned an experienced mentor for the entire process. More experienced teachers participate in training according to their needs and interests.

This table displays the number of school days dedicated to staff development and continuous improvement.
